
Disable replys

Posted by D0gSoldi3r - 2009/04/24 16:38

I use my RapidForum for posting practical jokes i don't really care much on people leaving replys on the jokes how would i go about safely disabling it but still let users post the original thread with no comments active.

D0gSoldi3r,

That's not in the plan right now, but if you'd like to hire a developer who can code that change for you inexpensively, I am happy to recommend a few.
